Community Involvement in 2009

In 2009, Rocky Credit Union donated over $60,000 in prizes, capital, and other items to local community groups and events.

Our staff gave over 2,300 volunteer hours in local communities.

We also went into local schools to teach budget classes and we are looking for more ways to help our youth receive a greater financial education.

We can truly say that when you bank with us, you are banking for your community.
